

SUFFRAGE DISCUSSED

Is Leading Question in
the Women's Clubs
Convention

San Francisco, July 2.—The woman suffrage question is looming large in the convention here of the General Federation of Women's Clubs. It seems certain that the advocates of the cause will force the issue from the floor of the convention, probably on Friday, when the delegates come to the consideration of the report of the board on resolutions that have been submitted for approval or rejection. There still remain two days in which resolutions may be sent to the board, but it is expected unlikely that the woman suffrage advocates will submit a resolution on the subject to that body as they will prefer to take it directly to the convention and thus avoid possibility of an adverse report by the board.

The conservative delegates believe that as an organization the federation cannot endorse any issue that does not properly belong to its work, which is along educational lines. The endorsement of suffrage would inject into the convention a political issue.

The question will have bearing on the election of the new president and the advocates of suffrage have been busily pursuing their propaganda and seeking to enlist as many of the best delegates as possible in favor of

the candidate who would give the most positive assurance of support to the movement. So important has this phase of the campaign become that the two leading candidates for president, felt impelled to issue statements defining their position in the matter. These statements issued last night are as follows:

Is Vital Issue.
"As woman's suffrage is a vital issue before the women of America and as there seems to be some uncertainty about my position in the matter, I am glad to state that I am a member of the New York Equal Suffrage League and a worker in the suffrage ranks. The General Federation of Women's Clubs has been in my opinion, a tremendous factor in educating the women of America to think and work along all civic lines, and I believe they are ready for the ballot. (Signed)"

"MRS. FANNY CARPENTER."
"Despite the statement made to the press on the day of my arrival in San Francisco, there seems to be some misunderstanding as to my position on suffrage. Permit me to state that personally I believe in woman's suffrage. To me it is the only just and logical position. Since, however, the General Federation of Women's Clubs is composed from all sections of the country, of all religious creeds, and of all political affiliations, I feel that it would not be wise to make suffrage an issue in this convention. (Signed)"

"MRS. PERCY V. PENNYBACKER."
"These recommendations of President Moore have been approved by the convention."

The continuation of the bureau of information in charge of Mrs. Mary I. Wood, at Portsmouth, N. H.

Inauguration of a movement for the substitution of artistic and humorous pages in place of comic supplements in Sunday newspapers.

Rearrangements of departments in the federation, the delegates to bring in plans for effective changes at the convention of 1914. One member of the legislative committee to be in Washington at all times, the chairman to live in the center of the country and the membership to be composed of chairmen of departments in which legislation is ordered.

Universal Peace.
Placing the agitation for universal peace with a sub-committee under the head of education.

Placing the drama under the department of literature.

Endorsement of the General Federation Bulletin.

The eight proposed amendments to the by-laws were disposed of yesterday as follows:

Proposal to have five instead of two vice presidents was rejected.

The Pennsylvania reorganization plan which provided for a division governing body into two houses similar to the United States congress, was also rejected.

The proposal to have the general federation state secretary appointed by the board of directors instead of being elected by the state, met a like fate.

The proposal that the board of directors shall consist of the general officers of the federation and a director from each state not represented by an officer, was rejected.

The proposal that all clubs belonging to the federation shall pay dues for associate as well as active members was also voted down.

The proposal that the presidents of the various state federations shall be ex-officio members and have a vote at the biennial session, whether elected as delegates or not, was adopted.

The proposal adding new details to the duties of the auditor was approved.

The proposal to impose a delinquency penalty of fifty cents on all clubs thirty days after their twenty-five-cent dues are payable, was adopted.

The proceedings of the convention today were of routine order, the report of the credentials committee, the report of the council, and address on the question of inter-federation by Mrs. Henry L. Keefe, Walbridge, Neb., and conferences in the department of public health and legislation being the principal business.

The afternoon was devoted to an outing in the cities of Alameda county. A musical program at the Greek theater at the University of California was one of the attractive features of the day.

WANTS LIGHT ON CAMPAIGN FUNDS
Washington, July 2.—Senator Works of California, progressive Republican, presenting in the senate yesterday a resolution to investigate recent campaign contributions and expenditures, declared that President Taft's renomination had been procured unjustly and illegally.

California needed no new party, he said. The Republican party might better go down to defeat for the sin of its leaders and come up four years hence than to form a new party.

Senator Works said his resolution was based on charges publicly made by President Taft and former President Roosevelt. The resolution declares it is common knowledge that public officials from the president, cabinet officers and senators down, have engaged in the pre-convention campaign. It directs investigation of the financial transactions of Democratic and Republican candidates for the presidential nomination, calls for names of officials engaged in the campaign and their salaries, the percentage of voters in the primaries and payments to newspapers and newspaper writers, and the amount of expenses paid by others.

The resolution stirred the senate, but was not acted upon.

Mr. Works charged that men sent to Washington to discharge public duties had been giving their time to carrying on political campaigns.

"Doesn't that apply to certain members of this body?" asked Senator Nelson of Minnesota.

"I think it does," replied Senator Works.

Mr. Works asserted that a new party in California would mean turning the "purified Republican party" there back to special interests.

RICHARD HARDING DAVIS TO WED BESSIE MCCOY.
Mount Kisco, N. Y., July 2.—Richard Harding Davis, the novelist, and Bessie McCoy, the actress, are to be married on July 3, according to a statement made by Mr. Davis at his home here.

Mr. Davis' first wife obtained a divorce from him in Chicago last month.

TEACHERS ARE LOST

Fears Expressed for
Three Men and Two
Women on Outing

Honolulu, July 2.—Five teachers in Honolulu public schools, three men and two women, who went on a trapping trip in the Koolau mountains Saturday, have not been heard from since and fears are expressed for their safety. A detachment of police, assisted by a squad of Japanese laborers, searched the mountains, yesterday without finding a trace of the missing party. The army engineer corps, which recently surveyed the region, will be asked to assist in the search tomorrow.

The party carried no provisions.

**SEND MESSAGE TO
WILLIAM J. BRYAN**

St. Louis, July 2.—Five hundred Democratic voters of Bowling Green, Mo., Champ Clark's home town, have sent this message to William J. Bryan at Baltimore:

"It is difficult for Missourians who have always remained loyal to you to believe that you can remain a traitor to the man who gave you his unflinching and conscientious support and to the Democratic party as well by continuing to refuse to vote only your ballot according to your instructions, but your personal support. We know, as you stated in your Vandalia (Mo.) speech, that Champ Clark is a man who is absolutely incorruptible and his life is above reproach, and we know that you still know that this is true. We hope that you will take such action in the convention that a name so dearly cherished so many years may still be regarded with deep respect by all Missourians and that you will not continue to act in a manner which will cause every true Democrat to look upon you with deepest scorn."

**COAST STEAMSHIP
COMPANY IS SUED**

San Francisco, July 2.—Leo J. Bernheim and his wife, Catherine, of this city, have filed suit against the Pacific Coast Steamship company for \$125,650 damages. They were passengers on the Pacific Coast company's steamer Santa Rosa, which was wrecked off Point Arguello July 17 last year.

Mrs. Bernheim says in her complaint that she suffered great privation; that she was hauled ashore in a net on a lifeline; that most of the journey from ship to land was under water and that when she reached the shore she was almost dead. For this she demands \$100,000. For her loss of time from her profession and for hospital bills she asks \$12,500 more. Bernheim, as his share, demands \$13,150 as compensation for his rough experiences.

**CITY OF OMAHA IS
SUED BY BANKERS**

New York, July 2.—A suit against the city of Omaha, Neb., has been started in the supreme court here by Clarence H. Venable and C. H. Venable & Co., a Wall street banking concern, which complaint charges that the city owes him \$14,000 because he bought its bonds to the extent of \$600,000 on alleged misrepresentations sent broadcast in a circular said to be issued by Omaha and distributed by F. H. Cosgrove, comptroller of that city.

**RECIPROCAL TREATY
IS MADE PUBLIC**

Ottawa, Ont., July 2.—The proposed reciprocal treaty between Canada and the British West Indies, including Trinidad, British Guiana, Barbados, St. Lucia, St. Vincent, Antigua, St. Kitts, Dominica, and Bonaire, was made public yesterday by J. D. Reid, acting minister of trade and commerce. The agreement provides for preference of twenty per cent of the existing duties on many articles within a minimum preference in the case of flour and sugar.

The islands agree that in the importation of flour the preference in favor of Canada shall at no time be less than twelve cents a hundred pounds.

In return Canada makes special reduction in the duties on sugar and molasses imported from the islands.

Among the Canadian goods which will enjoy the benefit of the preferential tariff of 20 per cent are fish and meats in all forms, cereal foods, bread and biscuits, oats, beans, peas, butter, cheese, lard, boots and shoes, agricultural machinery of all kinds, steam and electrical machinery, wires, nails, hardware, paints and varnishes, with fruits and vegetables in all forms, paper, pianos and organs, cement and vehicles of all sorts.

**FIRE DESTROYS \$300,000
WORTH OF PROPERTY**

North Adams, Mass., July 2.—A fire which was discovered shortly before daybreak today threatened an hour later to destroy a large part of the business section of the city.

The loss at 4:30 o'clock estimated at \$300,000 with the flames still raging. More than a hundred guests at Wilson's hotel escaped from the building in their night clothes.

**PAY EXPENSES OF
WILSON DELEGATES**

Seagirt, July 2.—A pledge of \$5,000 to pay bills of Wilson delegates to the Baltimore convention was made last night by Samuel Ludlow, Jr., a banker of Jersey City, and Joseph E. Bernstein, a merchant of the same place.

Reports from Baltimore that on account of the extended session many of

the delegations were "hard up," caused the Jersey City men to come here to make their offer.

"We are not going to permit Governor Wilson's fight for lack of funds," said Mr. Ludlow, "will be prepared to pay the hotel bills and other living expenses of the Wilson delegates."

FAIRBANKS' UNCLE DIES.
Pasadena, Cal., July 2.—C. W. Smith, formerly connected with many of the largest railroad systems of the east and latterly vice president of the Santa Fe, died at his residence here yesterday of acute stomach trouble.

He was an uncle of Charles Warren Fairbanks of Indianapolis.

**NOSE STOPPED UP
WITH CATARRH**

Ely's Cream Balm Clears
the Head and Nose
Instantly, Makes
You Feel Fine.

No matter how miserable you are with catarrh—nose stopped up, throat sore, dull pain in the head, dry cough, fever, foul breath—Ely's Cream Balm will give you instant relief.

It gets right at the root of the trouble, cleanses, heals and strengthens the raw, sore membranes, and stops the nasty discharge so that you are not constantly blowing your nose and spitting. In a few minutes after application, you can just feel it doing its work of clearing the head, the pain and soreness are relieved, the breathing becomes natural, and the stuffed up feeling is gone. This cleansing, healing, antiseptic balm contains no mercury, cocaine or other harmful drug. It is easy to apply, pleasant to use, and never fails to give quick relief, even in the worst cases.

Don't suffer the miseries of catarrh nor disgust your friends with your hawking, spitting and foul breath. Get a fifty cent bottle of Ely's Cream Balm from your druggist, and start treatment at once. You will find it will prove to be the best investment you ever made. A. R. McIntyre, Druggist.

**FORTY-ONE KILLED
IN REGINA STORM**

Regina, Sask., July 2.—Forty-one are known to be dead with a number of bodies in the debris left by Sunday night's tornado. There are fully 400 injured and several will die.

The property loss is estimated at \$10,000,000 to \$11,000,000. The debris is being removed slowly for the workers are afraid of the task.

Many streets are blocked and wide detours have to be made to get to certain portions of the city.

The death list probably will reach eighty, for many persons were boating on Vascana lake when the storm hit Regina, and only two or three have been accounted for. Some of the bodies were noticed struggling in the water. Their bodies will not be recovered until the lake dries up in the late summer.

Wild rumors are being received from outside points of farm houses having been destroyed and their inmates killed, but all rural telephone lines are down.

Tells Thrilling Story.
A thrilling story of the Regina tornado is told by Rev. T. J. Farmer: "I was in the clubroom at the rear of the Methodist church," he said, "when the storm broke. I ran to leave the building when I saw bricks flying through the air, through doors and windows. I ran back to see if anyone was in the main body of the church. No one was there. The noise was absolutely deafening. The whole church rocked and it seemed as if the world were coming to an end."

"I ran back to the rear entrance and attempted to open the door. The wind was blowing so strongly that I hesitated with the door partly open, pushing my knee against the door. In that position I stood for the fraction of a second. The whole side of the church collapsed and fell in front of me and brushed me by a hair's breadth, with a mass of stone, brick and timber."

"I crawled over the door that had acted as a shield and climbed over the ruins of the church."

Next to the church stood the Methodist parsonage which is in ruins. The wife of Rev. J. Lewis is an invalid. She was lying in her bed in the sun room over the porch.

Mr. Lewis rushed in and grabbed her in his arms and took her out just as the room collapsed.

He carried her toward the back entrance with the house flying around him. They could not get out and then made for the front entrance but this was blocked. Holding Mrs. Lewis in his arms, Mr. Lewis sat on the stairs while they waited for what they expected would be instant death.

Girls Instantly Killed.
Two girls, who are yet unidentified, were caught in the park when the storm broke and rushed to a neighboring home for shelter. They got as far as the porch but were hit there by flying bricks and instantly killed. A man sought shelter at the edge of Mr. Lewis' house was also found dead.

Miss Jeanne Russell, chief operator, telephone exchange, died in hospital. Scout Master J. J. Pappay, Cornwall, Eng., was found in rubble.

The following are missing: William Bradshaw, Canadian Pacific checker.

Mrs. Irene Davidson, Prince Albert.

Miss M. Grier, nurse, Greelman.

P. Jones, Regina.

Robert Blackville and child, Regina.

MURDER MYSTERY CLEARED.
San Francisco, July 2.—The mystery of the murder of Alonzo Withers in a sheep herder's cabin in the wilds behind Mount Hamilton nearly two years has been cleared through a confession of guilt made by Henry LaFrenz, a youth held here for robbery.

LaFrenz has been under suspicion for some time, and his confession was made to a detective placed in his cell at the city prison.

According to the story told the
